

## **Invitation**

The Mediterranean Agronomic Institute of Chania (MAICH) would like to invite you to participate in the final event of the Junicoast project "Actions for the conservation of coastal dunes with *Juniperus* spp. in Crete and the South Aegean" that will be held at the Conference Centre of MAICH on **Tuesday 27 of August 2013 at 09:00.**

The Junicoast project (LIFE07NAT/GR/000296) which is being coordinated by the Mediterranean Agronomic Institute of Chania (MAICH) with the participation of the National and Kapodistrian University of Athens (NKUA) and the Forest Directorates of Chania and Lasithi started on January 2009 and was completed by August 2013. The objective of the project is to promote and enable the long term conservation of the coastal dunes with *Juniperus* spp in Crete (Gavdos, Kedrodasos, Falasarna and Chrysi) and the South Aegean (Mylos, Polyaiagos-Kimolos, Naxos and Rhodes) all included in the Natura 2000 network.

The event includes the presentation of all implemented actions of the project, the overall evaluation of the project and the proposed future dissemination, communication and conservation actions for the sustainable management of the habitat.

Sincerely yours,

Dr. George Baourakis,  
Director
